

## Quote to Covered

**Quote to Covered™ (QTC) from Delta Dental of Virginia gives our brokers a way to go from quote to done in minutes, all completely paper-free!** QTC eliminates the back and forth between brokers and Delta Dental by automating the implementation of a new group directly from a quote. The shortened sales cycle also allows brokers to be self-sufficient, saving time and reducing errors.

- QTC is a completely secure, online process that eliminates the need for physical signatures
- Automation shortens the sales cycle
- Less errors means a better onboarding experience for you and your clients
- Eliminates reliance on carrier responses, which saves you time
